Attention: M.N.S. Executive, Area Directors, Local Presidents,
Metis People of Saskatchewan

Provincial Metis Housing Corporation (P.M.H.C.) is a delivery agent on behalf of the Federal and Provincial Governments for housing repair programs. We deliver four repair programs throughout Northern Saskatchewan and a portion of Southern Saskatchewan as well.

P.M.H.C. consists of a staff of three individuals who carry out the administration duties and the inspections that are required for these repair programs. The programs that we deliver are the Residential Rehabilitation Assistance Program (RRAP), the Emergency Repair Program (ERP), Disabled RRAP, and the Home Adaptations For Seniors Program (HASI). These repair programs are designed for low-income homeowners that are in need of major repairs.

P.M.H.C. is in the process of committing the 1999 budget for the repair programs, which is the 2nd year of a 5-year commitment for the programs. Currently, we have 175 active projects and over 200 out for estimates.

Housing conditions are a major concern for the Metis Nation as well as P.M.H.C. Therefore, we will continue to do our best in the delivery of these programs and search for other resources to improve housing conditions throughout the Province.

On behalf of Philip Chartier, Minister responsible for Housing, and the staff of P.M.H.C., we would like to welcome you to Saskatoon. If you have any questions, please contact our office @ 306-343-8240 or fax 306-343-1700.

Sincerely,

PROVINCIAL METIS HOUSING CORPORATION
(Metis Nation of Saskatchewan Affiliate)
