

March 1, 1995

Dear Western Region IA Regional Council Members:

Based on the responses to our letter of January 22, 1995 we have the following observations:

- 1) We need to clear up our records as we have some local presidents for rural locals on the membership list for Battleford and North Battleford. This may be due to files that went missing prior to the 1995 election.

The locals on the road to Lloydminster (except Paynton) list their address as Battleford, as well as some others.

- 2) The Lloydminster locals have responded with their information and we do not know what to do with members who may also belong to Alberta because we have the same question at Flin Flon/Creighton.

Perhaps your Regional Council can address. The Manitoba Metis Federation wants to develop policy in this regard.

Because Lloydminster is under Alberta Pathways where does that put our Saskatchewan Metis in Lloydminster? We want to ensure somebody helps them out.

- 3) We have almost no information on Frenchman Butte, Hamlin/Marshall, Ranger Lake, and Wilkie. Further to this, In WRIIA there is a question on Wilkie and Scott have members who are listed on both. Our (1992) list shows 10 members who are on the Scott list. Please advise us where they belong. We know that the Scott President and Cando President (WRIIA) live in your region. This creates confusion.

- 4) We had a request for a Bresaylor local. Did your Regional Council approve this? Do people actually live there?
- 5) Do our members still live in Hamlin? How do the members from Marshal and Hamlin meet together when they are so far apart?

Awaiting your response!

Sincerely,

M. Flament
