4. Treasurer's report
5. President's report
6. Elections for executive positions;
 - Vice - President
 - Secretary
7. Review of By-laws; any changes must be done at this time.
8. Adjourn meeting

PRESIDENT'S REPORT

I would like to thank everyone for attending our 1999 Annual meeting. I hope that there weren't too many people inconvenienced because of the postponement, but we wanted as many people as possible to attend this meeting.

At this time I would like to thank our local executive, Lucille Crivea as treasurer, Marlene Vandale as vice-president, and Trevor McNabb as secretary for all their hard work, dedication and support. Marlene and Trevor's terms are up this year and I'd like you to know that it's been great working with you and hope to see you at all the monthly meetings because we value your input. I would also like to acknowledge our Senator John Boucher, Elders Evelyn Richard, Raymond Boucher and Oscar Regnier whose wisdom and experiences are highly regarded. Thank you to all our committees whose participation has been very much appreciated. Last but by no means least I would like to thank our membership for their support. Without the grassroots people the Metis Nation of Sask. could not exist.

Some of the Major highlights over the past year include;

- IMED Grant
- Family Benefit program
- Christmas party
- community donations

Members were sent to the Annual meeting in Duck Lake, the Metis Legislative Assembly in Prince Albert and Saskatoon, P. A. Aboriginal Business conference, Economic Development conference and workshops in Prince Albert and Saskatoon, Enumeration hearings, METSI provincial meetings and several regional council meetings.

As you can all see we have had a very active year and look forward to working with you for another year. So ends my report.

Claudette Lavergne

Secretary's Report

The purchase of our computer has made the biggest impact in my position because it has allowed me to make several changes in regards to how our files are maintained. As you all know I have entered our entire membership list on the computer. This makes it readily accessible and much easier to keep updated. I have also retyped all of the minutes of my three year term onto the computer. I hand write them at meetings then type them afterwards. This includes all of the minutes that were done on our old typewriter. Basically what this means is that when we need to look up the minutes of any given meeting or to search back for past made motions the information we need to find can be found with the click of a button, rather than searching through mounds of paper.

Back in November of 1998 I decided to change the way I kept track of members who attend meetings. As it was previously, I used to write down the names of members who were in attendance at our meetings. Presently, when a meeting is called to order I pass out a sheet of paper for each individual to sign and write down their address and phone number. This came about after an accusation was made that I deliberately did not mark down certain names so that certain people would not receive points. (Our point system gives one point for attending each monthly meeting.) So I believe that this remedies any potential problem or any further accusations. Note: These signed attendance forms are kept and filed.

I would like to take this opportunity to thank the membership and also my fellow executive members who made my term an enjoyable one.

Juan Mc Nable
