Attn: Bev Worsley

July 3, 2009

Dear Bev:

As was introduced at the PMC meeting on June 17th in Saskatoon, this is the first bi-weekly mail out from the Bilateral desk of the Intergovernmental Affairs Unit to update you on what is happening with the Saskatchewan Government. As the MN-S moves forward and tries to build a stronger relationship with the province, it is important that you be kept apprised of major policy decisions and activities that affect Métis citizens across Saskatchewan and in your area.

These mail outs are designed to provide you with as much information as possible in as easy to read format as possible. While at times there will be full provincial press releases included in the packages, for the most part, you will receive a package that includes summaries of the previous two weeks provincial press releases. As well, I will also be passing along regional specific press releases and developments to those Regional Directors affected by those events. I will also include non-Saskatchewan government developments in these mail outs from time to time, especially those that directly affect Métis citizens in Saskatchewan.

As this is a pilot project, I would love to hear from you in regards to any feedback, comments, or suggestions that you may have.

Sincerely,

Peter Dodson
